Who's New?

1. We welcome Mary Peterson. Ms. Peterson is a new teacher here this year. Mary and her husband Collins are new to Beijing Foreign Language School. They are from Dallas, Texas. Collins is an engineer for Tencent labs. Ms. Peterson says, " Beijing is wonderful! It's a great place, especially for people who want to learn Chinese language and culture. Mary is young. She is only twenty four years old. She says " Sometimes students think I am a student." That's OK- if they are respectful. And sometimes they think I am an easy teacher because I am young. But they are wrong!"
